Product Description

504R Premium baler highlights

- Fully-loaded with a standard silage kit for high output of high-moisture crops
- Convenient maintenance and operation come standard
- Good-looking bales in tough conditions

Achieve optimal results with high-moisture hay using the 504R Premium, featuring a standard silage kit specifically designed for handling baleage.

Maximize productivity and output with the baler's heavy-duty components including premium belts, optional endless belts and optional float tires.

Control and adjust bale shape, net tension and density from the comfort of your cab with the Atlas Pro control system.

Operators can rest assured with a 3-year pickup coverage on internal components including parts* and labor.

*Does not include teeth or hardware for teeth.
