**SKU:** RR140

**Categories:** [Vermeer](#)

### Product Description

## RR140 highlights

- Designed for operators focused on both speed and high-quality performance in a variety of crops
- Versatile, side-delivery rotary rake
- Achieve a light, fluffy windrow with minimal crop roping

Transport down narrow roads and through gate openings with a transport width of 6.7 ft (2 m).

Hydraulic lift and rake adjustments helps operators get up and over windrows and minimize ash content getting raked into the windrow.

Gentle on the crop and allows for air flow through the windrows for quicker dry down.
