Product Description

STIHL BR 200 Backpack Blower

Comfortable. Affordable. And more power to you. The fuel-efficient STIHL BR 200 blower puts the quality of a professional backpack blower in the hands of homeowners everywhere. Its single-handed operation is easy to control, while its lightweight design and anti-vibration technology enhance operator comfort. The 35.5 oz. fuel tank also means fewer refuels compared to handheld blowers; hence, fewer interruptions to the task at hand.
